

See how the latest solutions to erosion and corrosion can enhance your design and maintenance strategy in 2018.

## Plant & Equipment Maintenance

20 February 2019 — 09:30-16:10

Belzona Polymeric Ltd, Claro road, Harrogate, HG1 4DS

### WORKSHOP AGENDA

Refreshments	09:30 - 09:55	"Training and Distribution Centre" Academy
Introduction	09:55 - 10:00	Academy
<b>Session 1 — Composite Repairs (10:00 - 11:10)</b>		
Presentation, questions and discussion	10:00 - 10:30	Academy
Practical demonstration		
Live leak sealing on metal and plastic, "best adhesion" competition	10:30 - 10:50	Applications Workshop
Wrapping a spool and bonding prefabricated composite patches	10:50 - 11:10	Applications Workshop
Break	11:20 - 11:30	Academy
<b>Session 2 — External Corrosion Protection (11:30 - 12:40)</b>		
Presentation, questions and discussion	11:30 - 12:00	Academy
Practical demonstration		
Insulation, surface-tolerant and heat-activated coating demonstration	12:00 - 12:20	Applications Workshop
Spray-applied flange encapsulating coating with a peel-n-reseal feature	12:20 - 12:40	Applications Workshop
Lunch break and networking	12:40 - 13:20	Corporate suite
<b>Session 3 — Mechanical Repairs (13:20 - 14:30)</b>		
Presentation, questions and discussion	13:20 - 13:50	Academy
Practical demonstration		
Pump housing and shaft repair using forming and machining techniques	13:50 - 14:10	Applications Workshop
Heat exchanger repair and chocking of heavy machinery	14:10 - 14:30	Applications Workshop
Break	14:30 - 14:50	Academy
<b>Session 4 — External Corrosion Protection (14:50 - 16:10)</b>		
Presentation, questions and discussion	14:50 - 15:20	Academy
Practical demonstration		
Energy efficient pump lining and abrasion resistant system	15:20 - 15:40	Applications Workshop
Show & tell of testing protocols and equipment	15:40 - 16:00	R&D Laboratory
Summary and prizes for "best adhesion"	16:00 - 16:05	Academy
